

Journalism on A Meeting Planned - By Shomit Sirohi

The meaning of Jewish heritage in this world then is all about the meeting with Sirohi. I argue he is a young Jewish Prophet.

Isiah argues that we are in fact "ready and fully ready in fact to meet this young genius."

The objective research is in fact now, "a pure spiritual decision and revolutionary assertion done in praxis and Marxism."

In Marxism, one argues it is in fact a popular front which then PCF's Jacques Derar argues is in fact how we organise among ourselves to meet Sirohi. This mix of PCF and Judaism belongs we mean to Jewish Young Prophet Sirohi.

We argue the militant point is then made - so far it was in Jewish hesitations of Mohammad then, that we were sure and militantly sure in fact, but in a rendition it was contingent and failing to tragedy and non-encounters that our lives have reflected, but this then is shifted to certainty and full certainty by in fact - a blessed work of art reflecting the point as a meeting which then is with the Jerusalem Bible so ordained.

Jerusalem Bible - with Part A and Part B only and in that since in Christ meets St. Matthew part of success and this in a maximal is at the point of meeting with in fact 4-5 simple steps or else 20 simple steps all followed well in Pascal's acting of hop, skip, cross and jump and this then is developed well and is a dynamic with the acting reflecting the process which finally meets.

Calculus efforts amount to the calculation of Hebrew political Aleph with a gain and Communism in Arabic letter which has one policy, to follow the spiritual steps and wait for the Prophet to announce "a meeting and then fire a line."

Now a Complex Box List

Meeting	Journalism Check	Problems of No	Finally a Concrete Analysis or a Militant point on the final maneuvre when it happens

Yes	Yes	Can Be	I see simple perception to see the house a problem, but I argue it is won somehow. This is because Marx is correct, and is in militant Grundrisse sure. I call it militant conviction. I now have.
